

The European perspective of Biologics and Biosimilars

# 5<sup>th</sup> European Biosimilars Congress

in collaboration with BioSim-Asociación Española de Biosimilares

June 27-29 , 2016 Valencia, Spain

OMICS International Organises 1000+ Global Events Every Year across USA, Europe & Asia with support from 1000 more scientific societies and Publishes 700+ Open access journals which contains over 100000 eminent personalities, reputed scientists as editorial board and organizing committee members.

Euro Biosimilars is the future leading event for the biosimilars and follow-on-biologics community, bringing you potential clients that are eager to discover the latest solutions and services in the market.

Euro Biosimilars is the premier business event designed for senior industry executives interested in understanding future market trends, innovative commercial strategies and opportunities for growth for affordable biosimilars. This event includes an exhibition showcase, one-to-one partnering sessions, an online meeting system, conference gathering of the global biosimilars industry, attracting attendees from around the globe. The program agenda provides a unique forum for biosimilars executives from around the world to network and hear world-renowned experts discussing the latest insight into the international commercial, legal, and regulatory developments concerning the biologics sector. It includes the best learning, networking and socializing opportunities.

### Scientific Sessions

- Current Challenges of Biologics
- Emerging Biosimilars in Therapeutics
- Legal Issues
- Regulatory Approach for Biosimilars
- Biosimilars Innovator Pharmaceutical Products
- Plant Produced Biosimilars
- Bioequivalence Assessment
- Biosimilar Analytical Strategies
- Intellectual Property Rights
- Globalization of Biosimilars
- BCS & IVVC Based Biowaivers
- Biosimilar Market Analysis
- Biosimilars Pharmacovigilance
- Clinical Studies on Biosimilars
- Entrepreneurs Investment Meet

### Renowned Speakers at Euro Biosimilars

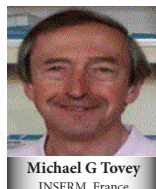

Candida Fratazzi  
BBCR Consulting, USA

Christelle Dagoneau  
Catalent Biologics, USA

Andreu Soldevila  
LeanBio, Spain

Michael G Tovey  
INSERM, France

Pawan Saharan  
Biomix, USA/India

Laszlo Endrenyi  
University of Toronto, Canada

### Unique Features of Euro Biosimilars

- **Understand** how the Biosimilars pharmaceutical industry operates
- **Explore** geographical differences in terms of market size and growth potential
- **Learn** about Biosimilars market models
- **Define** and plan Biosimilars strategy
- **Evaluate** the latest developments and opportunities for growth
- **Learn** about the challenges facing the Biosimilars industry
- **Review** the regulatory processes as applied to Biosimilars pharmaceuticals
- Consider the challenges faced by the Biosimilars industry
- Learn about the impact mergers and acquisitions have on the industry
- Discover what the future holds for the industry
- Chance of B2B & B2C Meetings

### Many More Participants from :

- Merck Serono
- Benta Pharma Industries
- Catalent Biologics
- Biomix
- INSERM France
- University of Toronto
- BBCR Consulting, USA
- PJI Biotech, USA
- LeanBio, Spain
